

Enterprise Solutions

**Enabling the Shift from  
Healthcare to Selfcare**

# Honeywell Life Care Solutions extends care outside the hospital and clinic to help people stay healthy at home, as long as possible.

## Leader in Connected Healthcare

Honeywell has been developing solutions that address the complex challenges faced by healthcare organizations in a highly competitive, regulated landscape for over 50 years. For the past 15, our remote patient monitoring solutions have made it possible for individuals with chronic conditions to remain safe and comfortable in their homes through daily check points with their clinicians.

## Chronic Disease Management Tools

Manage high risk patient populations with customizable condition management options.

CHF

COPD

Hypertension

Diabetes

Joint Replacement

**Return on Investment** - Improve the quality and cost efficiency of care.

### Reduce costs
